## **911 ADDRESSING HOUSE NUMBER SIGNAGE**

The Browndale Fire Company is asking that you, a resident of Clinton Township, assist us in finding your residence in a time of emergency by having your house number on a sign that is easily readable from your nearest roadway. By doing this, it may save us time in finding your residence or business during an emergency.

Below is a list of recommendations for the sign:

- 6" x 18" vertical or horizontal sign.
- Reflective blue background with reflective white numbers.
- The sign should be posted on the same side of the road as your residence or business, near the end of the driveway, in the event your house sits back off the roadway more than 50 feet.
- Sign should be visible from both directions on the road.
- If you place the sign on your residence or business, place the sign on the road side of the house visible from the road.

Address number signage is a major asset to all emergency responders. We urge you to take this opportunity by properly marking your residence or business as soon as possible.

The Browndale Fire Company has made arrangements for you to order and purchase the 911 Address Signage from the fire company. The order form is attached, or you may find it on our website [www.43fire.com](http://www.43fire.com) or the Clinton Township website <http://bit.ly/WayneCountyPA-Clinton>

You can contact us at [browndalefire@gmail.com](mailto:browndalefire@gmail.com) or call the fire station at 570-785-5300 or Fire Chief Josh Debevec at 570-840-3327.

The cost of the sign is \$13.00, and checks can be made out to Browndale Fire Co.

Upright metal posts are also available at a cost of \$3.00

The fire company will contact you when the sign is completed and make arrangements for you to pick up the sign at our fire station.

***Thank You for your continued support.***
